HOTLINE

Land-tax payers will be able to obtain early notice of the valuation used to calculate their 2006 land tax assessment via a new telephone hotline.

NSW Chief Commissioner of State Revenue Peter Achterstraat said the new hotline had been established to provide convenient and timely access to land valuations for NSW land taxpayers.

The land tax threshold for 2006 is \$330,000.

Registered land taxpayers can obtain their land valuations by calling the telephone hotline 1300 308 863.
